

# AHC31818 Certificate III in Beekeeping

Industries: Agriculture, Horticulture and  
Conservation and Land Management

Enrol online at: <https://bit.ly/32vLE02>

This qualification is for hobbyist and professional beekeepers alike. Participants will engage in self-paced and hands-on training that will enable them to learn the world of sustainable beekeeping, which includes establishing and maintaining beehives, extracting honey and more!

Upon successful completion of this nationally recognised training, you will have the skills to catch a swarm, maintain your own hives and extract honey, transport live bees, manage bees for honey production and/or provision of pollination services, and importantly have a critical understanding of bio security risks in beekeeping. Legislation, regulations and by-laws relating to beehive ownership and biosecurity codes of practice apply in some states and territories.

Prerequisite: Ability to travel and participate at nominated farm/venue

**This is a 8-month course run at various locations  
around NSW.**

**Contact us to inquire about the next course.**

**This training is subsidised by the  
NSW Government.**

**Smart and Skilled information:
